- One medium severity issue was flagged which was debug=true while the project was being developed.

The screenshot displays the Snyk web application interface. The browser tabs at the top include 'Wildlife Patch Home', 'snyk login - Bing', and 'sanon0/Wildlife-Patch1 | Snyk'. The address bar shows the URL: <https://app.snyk.io/org/sanon0/project/9fbaaa17-5580-4fc6-a2a7-f879bacd476d>. The 'Issues' tab is active, showing 1 issue. On the left sidebar, the 'SEVERITY' filter is set to 'Medium' (1 issue), and the 'STATUS' filter is set to 'Open' (1 issue). The 'LANGUAGES' filter is set to 'Python' (1 issue). The main content area displays the issue 'RunWithDebugTrue' with a severity of 'Medium'. The issue is associated with the file 'app.py' and is located at line 283. The code snippet shows a Python function that returns a redirect URL. The issue description states: 'Running the application in debug mode (debug flag is set to **True** in **run**) is a security risk if the application is accessible by untrusted parties.' The issue is categorized as '2 steps in 1 file'. At the bottom right of the issue card, there are buttons for 'Ignore' and 'Full details'. The Windows taskbar at the bottom shows the system clock as 20:45 on 16/07/2021, with a weather forecast of 20°C Sunny.
